Assumptions Used in Arriving at Fiscal Estimate

Under 2015 Senate Bill 499, this will criminalize the use, possession, manufacture, distribution, and advertisement of any substance or device that is intended to defraud, circumvent, interfere with, or provide a substitute for a bodily fluid in conjunction with a lawfully administered drug test (masking agent). Fines of up to \$1000 may be imposed. However, the volume of this is not expected to generate significant revenue. In addition, the associated work of investigating these will not have a significant impact on the DOJ law enforcement operations.
